Captain Donald Voss  
Marine Cleanup Initiative  
323 Leeward Lane  
#202  
Ft. Pierce, FL 34949

Dear Captain Voss:

Thank you for your participation in the Loggerhead Marinelife Center's (LMC) World Oceans Day celebration. The day was a great success, thanks to you. We appreciate you taking the time to come and educate our visitors about the importance of protecting the oceans. We hope to see you at next year's World Oceans Day celebration.

The LMC is a 501(c)(3) non-profit organization committed to the promotion of marine conservation. The LMC houses aquariums, marine-themed exhibits, the Patricia & Gordon Gray Veterinary Hospital, and the Patricia and Gordon Gray Research Laboratory, both devoted to sea turtles.

Admission is free, and over 220,000 local residents, students, and tourists visit the LMC each year. LMC's visitors experience the unique opportunity to view live, threatened, and endangered sea turtles who are recuperating from injuries caused by natural illness and by man.

On average, 16,000 children per year participate in school field trips, Junior Marine Biology Summer Camp, and numerous outreach programs. Daily programs for all ages are offered as well as special presentations. We welcome you to visit our website, [www.marinelife.org](http://www.marinelife.org), for more information about LMC programs.

Thank you again for your support. Your entire donation is tax-deductible as allowable by IRS guidelines.

Sincerely,

Nanette W. Lawrenson, President  
Foundation & Advancement

*Loggerhead Marinelife Center's mission is to promote the conservation of Florida's coastal ecosystems through education, research, and rehabilitation, with a special focus on threatened and endangered sea turtles.*
